August 2018

Welcome to my first issue of The Motivator. I'll try to carry on the standard of excellence established by Linda Carothers.

We started off July running, with the 30<sup>th</sup> Annual Fred Rohelig Chicken BBQ on the 4<sup>th</sup> of July. It was hot, hot, hot but all members involved worked their tails off to make it a success. Lynn Haines played music under the pavilion for our entertainment. We sold out before the advertised 2:00 PM end time.

John Lyon was in the dark as he presided over his first meeting this year as president. I don't mean he didn't know what was going on, it was dark due to a huge power outage that affected a large part of Crossville and Lake Tansi. The dark was workable because of the windows down the lake side of the building, but the inability to make coffee was almost a deal breaker.

Les Elam spoke about the importance of selling ads for the phone book. If you're interested in taking over the contacts for someone who has left the club or is unable to handle their ads this year, contact Les. If there is someone you do business with who is not in our phone book, get a form from Les and see if they would like to buy an ad.

Judi Hartman was honored at the National Convention with the Distinguished Club President Award. Congrats Judi! It's well deserved.

Lake Tansi Exchangites manned the buckets for several shifts for the Salvation Army's "Christmas in July" fundraiser to help make up for their canceled golf tournament this year. Tim and I were at Food City the morning of Friday the 13<sup>th</sup>. If our shift ws any indication, I think they did pretty well.

Our second July meeting went much smoother than the first. John's plea for sweets to welcome Judi back from Reno resulted in a table full of baked goods for all to enjoy. Our speaker was Lake Tansi golf pro Gavin Darbyshire. Gavin gave us a little information about his background and filled us in on upcoming plans for the golf course and pro shop.

Watch your upcoming issue of "Tee Times" magazine for a two page spread on the golf course, as well as other amenities Lake Tansi has to offer. Gavin is also working on a larger internet presence for the golf course through "Golf Now".

Judi Hartman brought her award to show us and gave a brief overview of her experience at the National Exchange Convention. She shared some of what she learned through the classes offered. I don't know about you, but I cant wait for the convention in Norfolk, Virginia next

year. Let's keep our fingers crossed that Betty's idea for a bus to pick up Tennessee attendees starting from Nashville and travelling east becomes a reality. It all sounds like a great time.

Finally, Judi displayed a gorgeous quilt made by Loretta Yoder that we will be raffling off along with a gift card wreath for second prize and a gift certificate, if we can get one donated, for third prize. This is the last quilt that Loretta will make for fundraising purposes, so we are fortunate to have it. The proceeds of the raffle will go to establish an education fund within our activities account to help defray the cost of members attending conferences and classes to further their knowledge of all things "Exchange". Educating our Officers, board and members is vital to our continued growth and development and besides that, it's fun!
